

# Banana

Words & music: Jeroen Schipper

If every fruit had to take a test  
To find out which of them is the best  
I would not root for pears or plums or mandarins  
'Cause there is one that always wins:

*Banana, banana*

*Popular from pole to savannah*

*Banana, banana*

*Just have one whenever you wanna!*

A very happy and healthy fruit  
That will most certainly lift your mood  
This yellow fellow will improve the way you feel  
Unless you also eat its peel...

*Banana...*

It can be anything; go grab that mic and sing  
Pick up the phone to make a call  
It is a harmless gun, it's like a smiling sun  
O, the banana has it all...

*Banana...*
